Once teams have their blindfolds off, the action begins and the scenario unfolds.....

We have two purpose-built planes for this event in a couple of great locations. One is based at the Novotel Twin Waters Resort, Sunshine Coast, and the other one is located 1 hour west of Brisbane at Grandchester on Spicers HiddenVale. The location will add to the realism required to get your team into 'survivor' mode.

Teams compete against each other, conquering many unique and exciting tasks of survival and skill challenges. With teams competing for the prize of being the most likely to survive, the competition will be fierce and exciting!

GROUP SIZE

5 - 150 people

DURATION

1hr - half a day depending on desired outcomes and needs.

LOCATION

Twin Waters Resort, Sunshine Coast or Grandchester Spicers Hidden Vale

Description

Participants on the day determine just how vigorous and physical the challenges are. We will ensure all your objectives are achieved in this fun-filled adventure Xperience.

This is our most popular group Xperience. A great mix of challenges is included, which will cover team planning, initiative, leadership, communication skills as well as a physical element, or they can simply be just for FUN!!

Points are accumulated throughout the day, extra points awarded for good teamwork and initiative. The team with the most points will be awarded team most likely to 'Survive'

Master Chef meets the great outdoors!

Add a little ZEST to your team with this very dynamic cook-off challenge. Food plays a big part in all of our lives. It's not just about nourishing the body – it's about how food nourishes relationships. Cooking and eating together builds and reinforces bonds between people.

Teaching employees to work as a team through a culinary experience can reinforce basic skills of negotiation, flexibility and adaptability. We use this natural process to build relationships amongst your team but we're giving it a wilder edge – doing it in the great outdoors.

Please note: This is an adventure challenge & because of food safety laws etc, this program is not designed to deliver a meal for the group – it's about the challenge as a whole...Enjoy!

Description

Each group is given a kit bag complete with GPS, maps, money & clue sheet – then its ready set go! they set off into the great outdoors to crank up the challenge and get the blood flowing.

This Xperience is designed around your location. Your team must first search and find their ingredients and utensils hidden at various GPS checkpoints in and around the area at each checkpoint they must complete a task. Completing a set of challenges as a team while also building your own fire to cook. Strategize as a team, does someone in the team need to return to start their fire? Once you have completed the challenges, the first team to return gets the first choice of the KEY ingredients.

Your team is judged on presentation, creativity, and taste!!

The most fun you will have with a spatula in your hand!! It's a race against time and it's a challenge for a well presented & best-tasting meal. The team judged to have the most delicious food will be the winner.

UNLOCK THE SECRETS OF THE PILLARS!

Based around the 50 hectares of bushland, Xperiences have placed the 12 Pillars of Wisdom. These pillars are 350kg Sandstone Plinths marked both by GPS and a physical map.

Teams have to find these pillars to unlock their secrets! These can be as basic as finding them all and clicking with an orientation marker or more complex such as using the Code Breaker system to unlock clues to their next challenge/product/history or conference theme. A great way to get your teams active both physically and mentally!

OUTCOMES

1. Collaboration & Navigation
2. Improves teams ability to work together to find pillars
3. Shows teams how to think effectively when under physically demanding tasks
4. Respecting and understanding each other
5. Harnessing strategies as a team to save time
6. Improving decision making
7. Communicating effectively

The 12 Pillars can be customised with 12 questions provided by your company that teams are required to answer for bonus points.

Teams race rafts across the bay completing tasks along the way!

One of our most popular activities in which teams learn how to build a raft (that must float) with the provided materials; four barrels, six logs, rope, and straps.

Teams race rafts across the bay completing tasks along the way!

The entire Brisbane Broncos Team managed to build their rafts, and float, we know you can too!

We make it fun for teams as they learn how to tie knots, understand water displacement and work together to make sure they float and not sink before raising their pirate flag and racing to specific destinations completing their tasks as they go.

OUTCOMES

1. Understanding team goals
2. Building better relationships through building rafts
3. Improving problem-solving
4. Respecting and understanding each other
5. Valuing innovation and change
6. Improving decision making
7. Communicating effectively
8. Valuing the importance of structural integrity
9. Practising continuous improvement
10. Resolving conflict

Harmless infrared beams at reusable clays – even the sound is totally controllable.

Laser Clay Target Shooting, is fast becoming Australia's largest growing sport making it an activity for every occasion and event. Suitable for all ages, it can be played just for fun, or as a serious competition with people participating as individuals or as part of a team.

As with any sport, there are different levels and classes, enabling it to be played by everyone.

DESCRIPTION

Several games can be enjoyed playing Laser Clay Shooting.

You score points when you hit the target, at the end of the competition the players who have scored the most points are the winners. The players use a de-activated shotgun to fire an infrared beam at the clays launched from a conventional clay launcher. Whenever a trigger is pulled, the scoreboard generates the shotgun 'bang' and when a player hits the target, it produces the sound of a breaking clay.

Group size

5 - 30 people

DURATION

30 mins - 2.5 Hrs

LOCATION

Requires minimum, tennis court-sized land space. We can set up at parks and gardens around the city, or on a boat - we come to you!

"This was a BLAST!"

SAFETY

This is the only shooting sport you can enjoy knowing that there is absolutely no harm to the environment. Laser guns fire harmless infrared beams at reusable clays – and even the sound is totally controllable.

Is there a Robin Hood or Maid Marion in your midst?

Come and find out at the Archery range situated on-site in Sherwood Forest behind Xperiences crashed plane office.

This activity is a great addition to any team-building adventure or as a team ice breaker. Nothing brings out teamwork better than a little friendly competition!

OUTCOMES

1. Building a singular focus.
2. Xperiencing the inner archer within you!
3. Team relays to see which team has the best shooter
4. Practicing continuous improvement
5. Developing hand-eye coordination and steadiness

How far can YOU go?

Rock climbing is a dynamic aerobic activity to challenge participants in their physical capabilities, teamwork, communication, problem-solving, and trust. Participants belay each other as they attempt to climb as high up the wall as possible.

Participants wishing to challenge themselves are encouraged to attempt the overhang on our 10m climbing tower custom built in the forest. Abseiling is the vertical descent downwards from the tower controlled by either you or your teammate.

This activity is a great addition to any corporate team building day, kid's party or together with a group of mates as a leisure activity.

OUTCOMES

1. Develops trust in teammates who are those keeping you safe on the wall.
2. Working together to achieve the desired outcome
3. Improving physical capabilities

Two Awesome Screens to Choose From!

Our Xperiences Movie nights are one of a kind by bringing the movie Xperience to life through our interactive activities, live role-playing, and outdoor cinema.

We love our outdoor movie nights, whether it's for a school group, corporate gig, movie marathon, or just a private event like a birthday party.

At Xperiences, we have three outdoor movie night screens that can cater for any group size, whether its 10 or a group of 300. Our sound systems are capable of playing out loud to a football-sized field. All you need to do is choose your favourite movie and we will sort the rest.

It becomes a memorable evening when we can set a theme for the evening based on the movie and get everyone dressed up into character, then set everyone up to play a themed based activity before the movie screening! We then have the fire pit roaring and food made ready for your outdoor movie screening.

GROUP SIZE

6 - 300 people
